

Rayu Corp Security Awareness & Training Program

Prepared By: Sebastion Mauldin
Role: Cybersecurity Program Manager
Date: June 2026

Executive Summary

The Rayu Corp Security Awareness & Training Program is designed to strengthen the organization's security culture by educating employees on cybersecurity best practices, reducing human-related security risks, and supporting compliance with organizational policies and industry standards.

Recognizing that employees are often the first line of defense against cyber threats, the program provides role-based training, phishing simulations, and ongoing security communications to improve awareness and promote secure behaviors. The program aligns with Rayu Corp's Enterprise Security Modernization Initiative and supports broader governance, risk management, and compliance objectives.

Program effectiveness is measured through key performance indicators such as training completion rates, phishing simulation results, policy acknowledgment, and employee reporting of suspected security incidents. Continuous monitoring and annual program reviews ensure that training remains relevant as the threat landscape evolves.

Program Objectives

Objective	Success Metric
Improve employee security awareness	≥95% completion rate
Reduce phishing susceptibility	<5% click rate
Increase policy compliance	100% policy acknowledgment
Strengthen incident reporting	20% increase in user-reported phishing emails

Training Audience

Audience	Required Training
All Employees	Annual Security Awareness
IT Staff	Secure Configuration & Privileged Access
Managers	Risk Management & Incident Escalation
Executives	Executive Cyber Risk Briefing
New Hires	Security Orientation within 30 Days

Annual Training Curriculum

Quarter	Topic
Q1	Password Security & MFA
Q2	Phishing & Social Engineering
Q3	Data Classification & Privacy
Q4	Incident Reporting & Ransomware Awareness

Annual Training Curriculum

- Learning Management System (LMS)
- Instructor-Led Sessions
- Monthly Security Newsletter
- Short Microlearning Videos
- Quarterly Lunch & Learn Sessions
- Executive Briefings

Phishing Simulation Program

Activity	Frequency
Simulated Phishing Campaigns	Quarterly
Remedial Training	As Needed
Executive Reporting	Quarterly

Metrics to Track:

- Credential Submission Rate
- Click Rate
- Reporting Rate
- Completion of Remedial Training

Program KPIs

KPI	Target
Training Completion	≥95%
Phishing Click Rate	<5%
Reported Phishing Emails	+20% YoY
Policy Acknowledgment	100%
Executive Participation	100%

Roles & Responsibilities

Role	Responsibility
Cybersecurity Program Manager	Overall Program Ownership
HR Director	Employee Enrollment
IT Manager	Technical Support
Department Managers	Completion Monitoring
Employees	Complete Required Training

Communication Plan

Communication	Frequency
Monthly Security Newsletter	Monthly
Security Tips	Bi-Weekly
Executive Dashboard	Quarterly
Awareness Campaigns	Quarterly
Security Awareness Month	Quarterly

Continuous Improvement

Annual Review Activities:

- Analyze KPI performance
- Review phishing trends
- Analyze KPI performance
- Update training content
- Collect employee feedback
- Adjust curriculum based on emerging threats
